NUMBER 41

LAUNCH GREATEST PRIZE FISH DERBY IN LAKES SUNDAY

Lions Club and Boosters Plant 100 Tagged Fish Here

They're off!

Fish and fishermen, off in the greatest anglers' derby ever launched in the Middle-west, perhaps the greatest of all time.

The 1938 program starting here Sunday with the releasing of 104 tagged fish in eight lakes, good for \$1,900 in cash prizes, will be augmented during the summer by placing additional prize fish and bonuses, to a total of \$4,000. Behind the move to popularize the region as a fishermen's paradise is the Antioch Lions Club, business men of the district and resort owners in conjunction with the Chicago Evening American.

The fish were provided by the Illinois department of conservation, which also provided the launch used while Charles Ackerman's launch was used as a convey to carry officials, photographers and newspaper men. Fish were planted in eight lakes—Grass, Killarney, Petite, Spring, Bluff, Marie, Channel and Catherine. These lakes are now teeming with prize catches and the tags are good for from \$5 to \$200. All tagged fish caught will be redeemed upon presentation to the Antioch Lions Club.

Christen "Lotus Queen"

John G. Rietz, district governor of the Lions International, had the honor of dropping in the first fish—a ten-pound northern pike christened "Lotus Queen," and worth \$200.

"There wasn't a hitch in the program," says the Chicago Evening American. "There were speeches, music and gaiety in this fishermen's paradise throughout the day."

From a barge the fish fans had a close-up view when the first official release was made at 10 o'clock near Prengner's resort at Grass Lake. T. J. Tronson was there with his sound truck giving a "play-by-play" description of the ceremonies, while the Antioch (Continued on page 8)

54 GRADUATES TO FINISH COURSE AT ANTIOCH H. SCHOOL

Prof. S. A. Hamrin to Be Commencement Speaker June 6

Fifty-four seniors will receive their diplomas at the twenty-third annual commencement at the local high school on June 6. S. A. Hamrin, Professor of Education at Northwestern University, will be the speaker. Principal L. O. Bright today announced.

The coming week will be a busy one for the Senior Class. On Sunday, Rev. I. B. Allen, of Lake Villa, will deliver the Baccalaureate address.

The beautiful Ivy Day ceremony will be staged on the high school grounds on Tuesday morning with the following participants: Russell Doolittle, Class President; Parker Hazen, Historian; Virginia Ames, Prophet; Vileta Baethke, Alma Mater; George Hawkins, Sealer; and Jack Riddel, Spade-bearer.

Music for Ivy Day will be furnished by the high school band, Mr. Hans Von Holwede directing. The name of the new president of the Student Council will be announced at this time, after which Miss Elizabeth Webb will present the D. A. R. medal to a senior girl.

The graduates listed in the 1938 "Sequoia," the high school annual, are as follows: Virginia Ames, Vileta Baethke, Ruby Chinn, Lois Craft, Marian Galiger, Harriet Goodell, Velma Greenwald, Betty Grimes, Grace McCormack, Genevieve Mahlum, Hazel Olsen, Frances Palaske, Gayle Pierce, Bernice Sherman, Mabel Simonsen, Mildred Teckert, Virginia Wells, Lucille Voltz, Geo. Anderson, Jack Crandall, Robert Chinn, Robert Denman, Russell Doolittle, Edward Dressel, Andrew Pennema, Marvin Gruehl, Robert Hallwas, Charles Hawkins, George Hawkins, Parker Hazen, Wilson E. King, Dale Kistler, Robert Matthes, Wendell Nelson, James Nielsen, Bernard Osmond, Jack Riddel, Russell Roepenack, Howard Rudolph, William Simon, Chuck Smith, Joe Thomas, Donald Trux, Stanley West, Donald Ellering, Bernard Schneider, Sidney Hughes, Wilson G. King, Harold Gaston, Charles Miller, and Lester Perry.

Safety Commission Urges Careful Driving Over This Week-End

Springfield, Ill., May 25—A practical safety demonstration enlisting the co-operation of all organized groups, and every citizen of the State will be staged by the Illinois Safety Commission on the Memorial Day week-end.

Last year 16 persons were killed and 400 injured on Memorial Day which fell on Sunday. In the two-day-and-a-half holiday, including the preceding Saturday afternoon and the following Monday, 28 persons were killed and 700 injured.

This Memorial Day holiday, the Illinois Safety Commission will attempt to prove that accidents can be curbed and fatalities reduced. Churches, lodges, clubs and societies are appealing to their membership to drive safely and sanely. Newspapers are appealing to their readers to co-operate in the demonstration.

Antioch State Bank to Pay Depositors \$16,041.51 Dividends

Edward J. Barrett, State Auditor, announced today that he has authorized payment of a ten per cent dividend, amounting to \$16,041.51 on the waived deposits at the State Bank of Antioch, Antioch, Illinois.

The payment will be available at the bank on and after June 1, officials of the bank announced today.

In order to aid in reopening the bank following the moratorium the depositors waived fifty per cent of their claims. This is the second repayment, bringing the total returned to twenty per cent.

"Half the people don't know how the other half live," said the philosopher, but that was before the other half began to live on the government.

HALING'S RESORT PARTLY BURNED; LOSS IS \$7,000

Firemen Save Barroom and Dining Hall; Hotel Rooms Total Loss

Fire supposedly originating from a defective chimney partially destroyed the popular Haling's Resort at Grass Lake Monday afternoon at an estimated loss of \$7,000, according to an insurance adjuster who appraised the damage yesterday.

The flames were first discovered by the elder Mrs. Haling, who heard the crash of the chimney in the main part of the hotel, and she quickly called the fire department at Antioch. Many of the firemen were at Fox Lake attending the annual convention, and they also rushed to the scene of the blaze accompanied by other firemen and more equipment. The flames were subdued but not until the main part of the hotel, including sleeping rooms and living quarters were almost completely destroyed. The barroom and dance hall were saved.

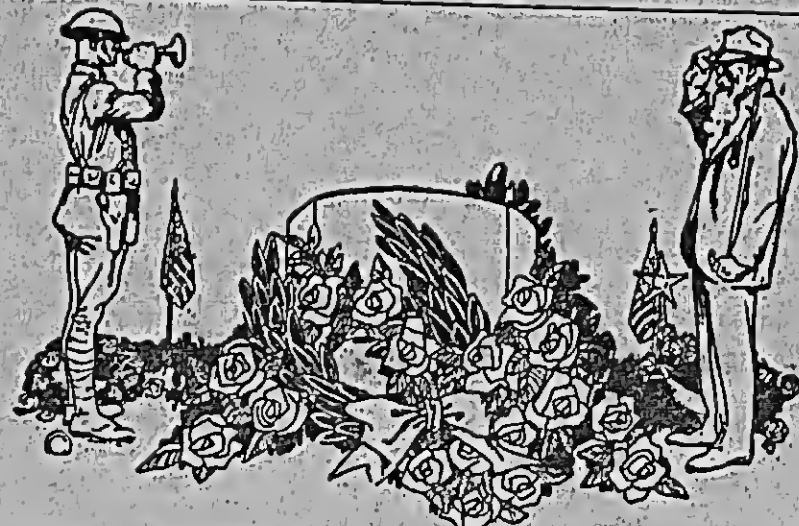

Some of the family were in Chicago when the flames broke out, and Charles Haling, manager of the resort, was a short distance away handling gravel.

Haling announced today that the Friday night fish fries would continue as usual, at least for the present. Reservations for every room in the hotel had been made for this week-end, the Halings said today.

POST OFFICE CLOSED

MEMORIAL DAY AT 9:30

The Antioch post office will be open from 6:30 to 9:30 a. m. and then closed for the remainder of Memorial Day next Monday. Postmaster James F. Horan announced today.

HONOR THE DEAD — RESPECT THE LIVING

Once a year the nation sets aside a day in honor of the soldiers who gave their lives for their country.

We sound a taps which echoes through every cemetery as millions of heads are bowed in tribute to those who died that their country might live.

Let us hope that it will not be necessary to 'sound taps' for the friends and relatives who go to decorate the graves of those soldiers on Memorial Day.

Mayor George B. Bartlett of Antioch urges extreme caution on the highways on Decoration Day—caution which is in keeping with the solemnity of the occasion.

Thousands of cars will be on the highways of Lake county and the lakes region over the week-end of May 31, and every corner will be a Bunker Hill, a Gettysburg, and a Battle of the Marne in the traffic war.

Honor the dead—respect the living.

CHICAGO FISHERMAN DROWNS IN DEEP LAKE

Falling from his boat into Deep Lake as he bent over to haul up his anchor, Henry Hansen, 27, of 3446 New England avenue, Chicago, became the first drowning victim of the spring fishing season in Lake county on Saturday. The tragedy was witnessed by his wife and a niece and nephew who were in another boat near by.

The body was recovered Sunday by Lake Villa firemen, and at the inquest held at Strang's funeral home in Antioch the jury held that Hansen was accidentally drowned while fishing. He is survived by his wife and one small child.

Board Awards Contract for Street Improvement

The Antioch village board last night awarded the contract for the improvement of North avenue, Orchard street and Hillside avenue to the Black Top Road company of Chicago. The bid was \$844.60 and is subject to the approval of the Illinois State Highway department.

Five bids were received from contractors registered with the state. The work done here by the Black Top company three years ago was considered as satisfactory by the board.

MEMORIAL DAY PROGRAM WILL HONOR WAR DEAD

McGaughey Is the Speaker; Local Organizations to Take Part

Soldier dead of this community will be honored with an appropriate Memorial Day service here Monday afternoon, which is in charge of the local American Legion Post with the various organizations of the community co-operating.

The program for the day's observance is in charge of Otto S. Klass, past commander of the local Legion post and present Americanism officer, and A. Maplethorpe, also past commander and at present captain of the firing squad. The program will consist of a parade, Memorial Day address, music by the Antioch High school band, decorating the grave of the unknown soldier.

The line of march will be formed at Bartlett's service station, corner Main and Quality streets at 2:15 and will proceed to the park, with the following organizations represented: American Legion, Auxiliary, Boy Scouts, Girl Scouts, Firemen, G. A. R., Spanish-American war veterans, D. A. R., school children and the Antioch Lions Club.

Prominent in the day's ceremonies will be a Spanish-American war veteran—John N. Pacini of Antioch. He will be accorded a place of honor in the line of march. No veterans of the Civil war are left in this township since the demise of Homer S. Stevens, who passed away last February 11.

McGaughey Will Speak

Antioch clergy have been asked to attend the service, and out of town guests invited to attend include William Seymour, 10th district commander; Noel E. White, 10th district service officer, and Wm. Miller, Chief of Gare of the 40 and 8.

The speaker of the day is Attorney George S. McGaughey, corporation counsel of Antioch and Waukegan. Following the address a wreath of flowers will be placed on the grave of the "unknown soldier." Closing the day's program will be the salute by the firing squad and taps.

Music will be by the high school band under the direction of Hans Von Holwede.

LOON LAKE MAN DIES OF HEART AILMENT

Peter Wolf, 34, Found Dead in Automobile Tuesday Night

Organic heart disease caused the death of Peter Wolf, 34, who was found dead in his automobile at Loon Lake at 11 o'clock Tuesday night when a search was started after he failed to keep an appointment with his wife at Lake Villa. The verdict stating the cause of death was given by the coroner's jury at Strang's funeral home at the inquest conducted yesterday by John L. Taylor.

At the inquest it was learned that Wolf had been slightly injured Tuesday when he was struck by a tree limb at his home at Loon Lake where he had spent most of the day trimming trees. Later in the day he helped a neighbor move a refrigerator from one cottage to another. He had complained of being tired and left for his home.

Call First Aid Squad

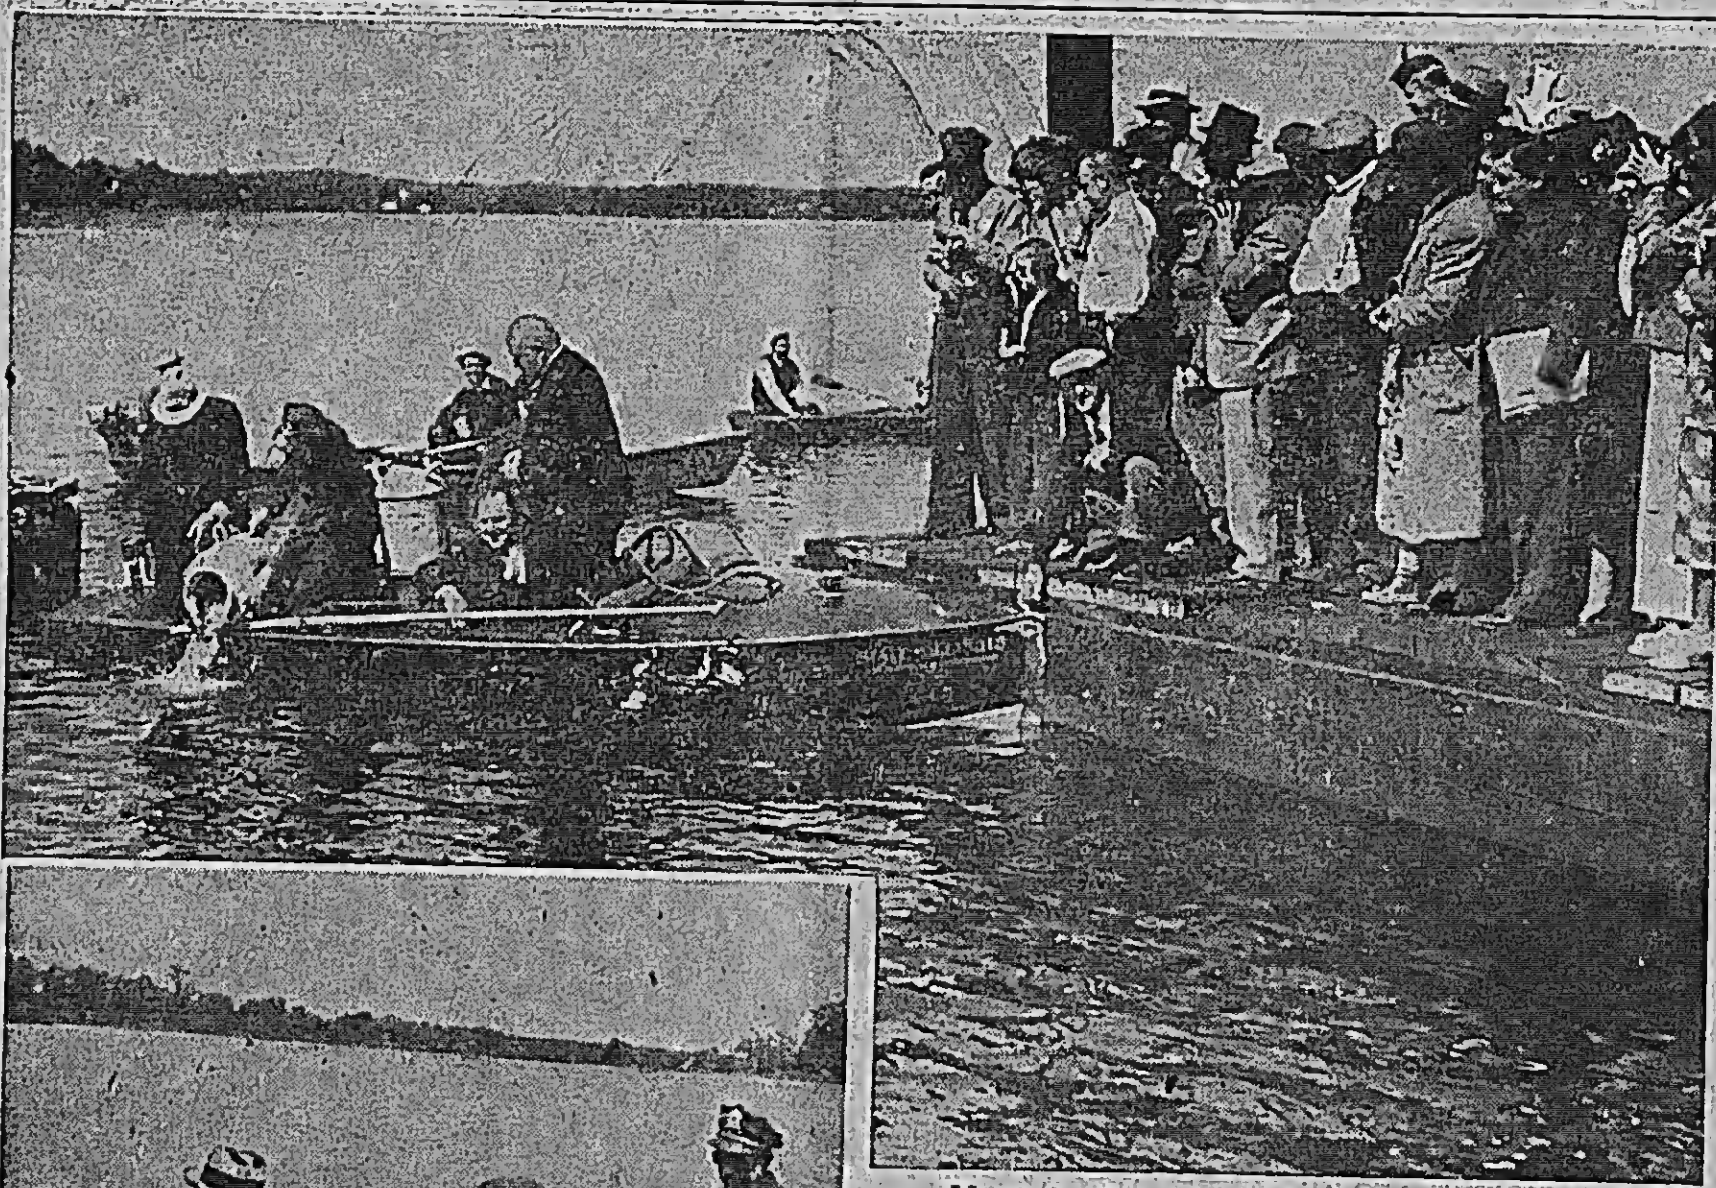

He was to drive to Lake Villa at 10:30 to pick up his wife. When he failed to appear she was taken home by a neighbor. Mr. Wolf was found in his automobile in the garage. The doors were open and the motor was cold. Thinking that death might have resulted from monoxide gas, the pulmonary squad from Antioch was summoned, as was also Dr. D. N. Deering. The man was pronounced dead, and the body was removed to Strang's funeral home here.

Mr. Wolf was the son of the late Andrew and Barbara Wolf, pioneers of Loon Lake community, and for many years the family had been in the ice business.

He leaves his wife and baby, 8 months old; also four brothers—Frank, George, Fred, and John; and two sisters, Mrs. Carl Barthel and Miss Mamie Wolf of Loon Lake.

Funeral services will be held at Strang's funeral home Friday afternoon at two o'clock with Rev. S. E. Pollock officiating, and burial will take place in Home Oak cemetery.

Here's Start of 1938 Prize Fish Derby!

Here is the start of the greatest prize fish derby. Crowd on pier watching the program at Grass Lake Sunday when the first tagged fish were dumped into the water. In the boat are (left) Dr. David N. Deering, secretary and treasurer of the Antioch Lions Club; Anthony Maggio, inspector of the Department of Conservation; Ed F. Vos, president of the Antioch Lions, and (standing) John G. Rietz, district governor of the Lions International. (arrow) R. G. Holtz, director Antioch Lions Club.

CHICAGOAN CATCHES FIRST TAGGED FISH

J. C. Kocian Hooks Prize Bluegill at Lake Killarney

After enjoying only two hours of freedom in the waters of Lake Killarney, one of the prize fish placed in Chain of Lakes Sunday was hooked by J. C. Kocian, 5421 S. Wood street, Chicago.

Fishermen should not be discouraged

—there are still 103 prize fish, including the "Lotus Queen" and many other sporty northern pike worth \$200 each at large in the local lakes.

The first consignment of prize fish released here Sunday by the Antioch Lions Club, business men and resort owners of the region in co-operation with the Chicago Evening American, carry prize tags worth a total of \$1,900. An additional release of approximately \$500 will be made on June 19, and as an added lure to anglers, the famous "Oscar" and "Fanny," worth \$1,000 and \$500 respectively, may be found in the local lakes.

Kocian's catch was a bluegill worth \$5. It was tagged "G-38-8," and was redeemed immediately by the Antioch Lions Club.

Lester Crandall, president of the Channel-Catherine-Marie Lakes Prize Fish Association, Mayor George Bartlett of Antioch; James Lynch, assistant inspector, and Anthony Maggio, inspector of the Department of Conservation (left to right) look on as prize fish are dumped into Channel Lake. Are We a Poor Nation?

Washington, D. C., May 26, 1938—Despite bad news on the financial and business pages, and pessimistic gloom on all sides, any orator or political stump-speaker would still be in danger of a shower of bad eggs if he failed to mention "the land of liberty," "the home of the brave," "with freedom's soil beneath our feet."

There are something like 15,000,000 unemployed in this country and the berated "Hoover days" have come again, under Roosevelt—although the latter told us a year ago that he had brought the country back to prosperity.

The Administration goes ahead with a huge spending-plan and a mystified Congress hasn't made up its mind whether to turn all the funds over to the President or do a lot of earmarking so that States and local authorities might join in the spending. There are strong champions of the latter method. They are more in Congress, but the powerful country press leans strongly in that direction.

When millions are gone the merchants and manufacturers sell less and cheaper food, clothing and other necessities. Sales of houses, automobiles and real estate are slow because the public can't buy even on liberal credit terms.

Bankers, business men, and politicians in Washington know perfectly well that when the Government does out relief to millions that it may be good for the stomach, but that such a method doesn't help the purchasing power a bit.

Until the purchasing power of our country is restored the answer to the question: "Are we a poor Nation?" must be answered: "Yes, our people are poor!"

Man's Best Years

What are man's best years? If you could live your life at one age, what age would you choose? Would you anchor at 20, would you slow down to a halt at 40, or would you be satisfied to follow a normal life span?

Those questions, always good for a verbal battle, recently started a word-fracas in the British press when Winston Churchill, former Minister of State, recorded in the "Sunday Chronicle": "Twenty to twenty-five are the best years of a man's life, the earth is his and the fullness thereof!"

To which George Bernard Shaw, not to be kept out of any argument, replied: "If you want to be a prize-fighter, you don't want to be over thirty. If you want to be an old dotard, well—I'm over eighty!"

The best answer of all came from Dame Maria Tempest, the actress: "Each age should be a golden age, if you keep your brain clear, and if you have the capacity for absorbing those things which will give a happy life."

True it is that every age has something to offer. Childhood has its frolic, youth its romance, maturity its mastery of the world, and age its contentment. For some, contentment is the highest goal of life. For them, the age which seems to offer least, may in reality turn out to be the best.

What are man's best years? All of them—if he learns to live each age as it comes along, and to forget the joys of the past in the understanding and appreciation of the present.

It Still Pays!

Just 234 years ago last month, America witnessed the publication of its first permanent newspaper, the Boston "News Letter."

But the birth of this famed fledgling on April 24, 1709, is memorable not only as a worthy landmark in the history of American journalism. It is also memorable because the "News Letter's" now ancient pages contained the first advertisements America had ever seen, and because these advertisements held revolutionary implications. They contained the seeds of the mass production of goods, lower costs, and an increasingly higher living standard.

Without advertising, your family car would possibly cost \$3000, your washing machine \$400, a tube of tooth paste, \$1.00.

We mention these things, and we hope you will excuse the editor for taking this opportunity to talk a bit of shop, because in looking at this newspaper's advertisements today, you may say of some item: "Looks like a bargain all right, but how much is this ad costing me?"

In answer to this, Paul S. Willis, an authority on advertising costs, recently disclosed the precise truth of the matter. On a nationally advertised brand of soap, you pay 35-40¢ of a cent per can for advertising, on a similarly advertised soft drink, 1.5¢ to 2.0¢ each five cent bottle. On all other popular items the costs are just as microscopic.

But as every wise businessman knows, FIRST you've got to tell the world what you have to offer. If merchants hide their light under a bushel, as the saying goes, the customer can't be expected to see the light of their bargains. Far-sighted merchants know that when they placed ads in the Boston "News Letter" 234 years ago. And their principle remains constant: "It pays to advertise!"

Handcuff the Job Killer

The Senate's opposition to dangerous tax policies has at last produced some result. The undistributed profits tax and the capital gains tax, which were kept practically intact in the House tax bill, are to be modified to a considerable extent.

This will help business some and is a step in the right direction. But it is only half a victory. Modification is not enough—repeal is the only solution to a problem that has grown constantly more grave. These two taxes are job killers. They penalize the man who takes a chance and invests his money in new ventures that will open up opportunities and provide employment. They penalize going industries which want to expand—particularly the larger industries of the country, which are the chief source of jobs and income. They build a dam in the road of progress.

The new tax bill is far better than its predecessor. The next essential step is the complete elimination of those taxes, which are so largely responsible for depression.

If another international conference on something or other is held and Uncle Sam attends, it might be advisable to hold the conference in a nudist colony so our Uncle won't be in danger of losing his shirt.

Harry Hopkins assures the WPA workers that they can vote for the candidates of any political party they choose. But wait until the boys hear from the Democratic county chairmen and precinct committeemen!

These captains of industry ought to be in favor of the share the wealth plan. When the money is all divided, think how much fun they will have getting it back again.

THE LEGIONNAIRE

This column is conducted by a local Legionnaire for the purpose of giving information to members of the American Legion and the public in general.

An offer of \$100,000 by the city of Chicago and \$50,000 by the state has been made to bring the national convention of the American Legion to Chicago. The invitation has gone forward to headquarters.

A total of \$35,000 membership cards were collected and taken by airplane to National Headquarters in Indianapolis, Ind., during the sixth annual aerial roundup.

The next and final roundup for membership takes place June 6. It is conducted by the 41 and 8 and is known as the "box car roundup."

A flat fry is on the program in Antioch tomorrow night when the rollicking 41 and 8 come to the local Legion rooms for their May meeting. The grand engineer will drive the locomotive in with a load of the boys about 7:30 o'clock. This is the third visit the 41 and 8 have made to Antioch and they will be guests of the local members—J. R. Fields, Bill Phillips, Paul Chase, Adolf Pesat, Russell Mead and Dr. L. John Zimmerman. Three members of the Antioch post are to be initiated into the order that night.

Plans for the Memorial Day observance have been completed and details of the program will be found elsewhere in this newspaper.

Winners of the school medal awards are Robert Phillips and Marjorie Bright. The awards will be presented at the grade school graduation exercises by Otto S. Klass, Americanism officer.

Bill Phillips, the finance officer, was operated on at Hines hospital this week and latest reports are that he is recovering rapidly.

Man-Mountain Dean, known widely in sport circles as a heavyweight wrestler, will serve as official sergeant-at-arms at the 1938 state convention at Waycross, Georgia, June 19-22.

Armistice day has now been declared.

Painted Notables
Gilbert Stuart, early United States portrait painter, had commissions to paint George III and Louis XIV.

WIN A NEW HUDSON 112 Brougham

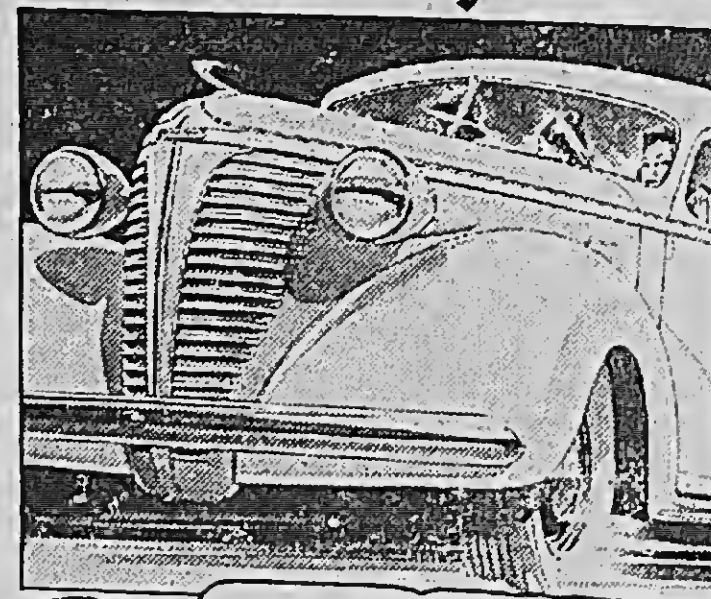

The Car That Brings New Roominess . . . New Smoothness . . . New Safety . . . New Beauty to the Lowest Price Field.

The opportunity to take part in this National Car Owner Economy Test is being offered to the motorists of America so that everyone may learn about this amazing new "lowest priced" car.

YOU MAY WIN ONE FREE!

Three beautiful new Hudson 112 Broughams are being given away each week, just for making an interesting, easy test and filling out a simple report.

You may win a fine new car. Anyhow you'll get acquainted with the extra room, velvet smooth performance, unmatched safety, new beauty that make this new car the stand-out value of the lowest price field. And you'll get the real facts about gasoline economy. Any car owner or member of his family is eligible. But hurry! Come in and let us tell you about it.

112-In. W. B. . . . 6 Cylinders . . . 83 H. P.
... and now look at the PRICE!
\$694 for 3-passenger coupe, ready to drive in Detroit, including federal taxes. Prices do not include state and local taxes. For delivered price in your locality, see your Hudson dealer. Attractively low time payment terms, with new Hudson-C. I. T. Plan.

THE NEW "LOWEST PRICED" CAR

Al. B. MAIER, Lake Villa, Ill.

WILMOT

Mrs. Etta Winn has returned from Des Moines, Iowa, where she was called by the illness of her mother, Mrs. A. Pacey.

Mrs. Dolores Brownell, Milwaukee, is visiting with Mrs. George Faulkner and at the Carey home.

Mr. and Mrs. Ray Rudolph were in Kenosha Monday.

Guests of Mr. and Mrs. Harry McDougall Sunday were Mr. and Mrs. Russell Elwood and son, Loon Lake; Mr. and Mrs. Don Herrick, Ford Herrick and Mrs. Minnie Herrick, Chicago; Barbara Rasmussen returned from a stay of several weeks in the city with the Herricks.

There will be English services at 9:30 at the Lutheran church Sunday morning.

Mr. and Mrs. Will Nutham and Mr. and Mrs. Orrin Nutham, Kenosha, spent Sunday with Mr. and Mrs. Paul Ganzlin.

Harry McDougall stepped on a rusty nail and has been under the care of Dr. W. W. Warriner of Antioch, since the last of the week.

Grace Carey was in Oak Park several days last week with Mr. and Mrs. J. A. Nolan.

Mrs. William Stensil was surprised by a number of relatives and friends on the occasion of her birthday. Five hundred was in play and refreshments served.

Mr. and Mrs. Jule Kobs, Mr. and Mrs. Ray Schwartz, Kenosha, and Jeanette Wertz, McHenry, were at the home of Mr. and Mrs. William Wertz Sunday.

Mr. and Mrs. Gus Neumann entertained Mr. and Mrs. Paul Jabns, of Flint, Mich.; Mrs. Minnie Riemann, Fred Riemann, and Mr. and Mrs. Frank Jabns, of Twin Lakes, at a dinner on Sunday.

Dinner guests on Sunday of Mr. and Mrs. Paul Voss were Mr. and Mrs. Ralph Marzahl and children of Hebron and Mr. and Mrs. Clinton Voss of Twin Lakes.

Frank Ehlert is ill and under the care of Dr. Brandt at Woodstock.

Sunday guests of Mr. and Mrs. George Higgins were: Mr. and Mrs. Freeman Higgins, Mr. and Mrs. Chris Schaefer, Pleasant Prairie, Dr. and Mrs. J. W. Klema, of Kenosha.

Mr. and Mrs. Frank Diamond of Libertyville were guests on Sunday of Mr. and Mrs. Ray Bufton. Laura Hatch visited there during the week.

The Mothers Club is sponsoring a dessert luncheon at the Wilmot gymnasium on Friday afternoon at 1:30. Bridge and five hundred will be in play and at four P. M., an attractive style

show will be given. Hostesses are the Mesdames Frank Kruckman, S. Jedele and Harry McDougall. A special invitation is extended to all interested to attend.

Grant Tyler is at the Carey home since Sunday, following an operation at St. Catherine's hospital in Kenosha.

Sunday guests at Careys were Margery Murdock, Tom Brownell, Milwaukee; Genevieve Van Lier, Belvidere, Illinois.

Mrs. Walter Runyard and Mr. and Mrs. John Memler attended funeral services for Mrs. Runyard's brother, Foster Longman, at Walworth on Sunday.

Mr. and Mrs. Fred Bauman announce the birth of a son on Tuesday, May 17th.

Union Free High School

Five members who are Honor students of the Class of 1938 are Ardye Lischka, June Pacey, Betty Gallant, Mary Baysinger and Loretta Fischl. They will have parts in the Commencement program to be held at the gymnasium on Thursday evening, June 9.

The Alumni banquet will be held at the school on Saturday evening, June 4th.

Class night exercises are scheduled for Tuesday night, June 7.

A very fine crowd attended the Prom held at the gymnasium on Friday evening. The room had been transformed with gay decorations to represent a boat afloat on the ocean and was very realistic. The grand march was picture-que and was led by the Prom King and Queen, Lyle Richter and Marie Schaefer, followed in line by Harvey Benster and Doris Berry.

The school band played at the Music festival at Paddocks Lake on Saturday. They will appear for the commencement program of the County eighth grade students at Paddocks Lake on this Saturday.

Borglum, the Sculptor

Solon Hannibal Borglum was born in Ogden, Utah, on December 22, 1868. He studied under Louis F. Rebisso in the Cincinnati Art school and under Fremiet in Paris. He took as his early subjects cowboys, Indians and other figures of Western life, notable works being his "Last Round-Up" and "Burial on the Plains." In 1911 he completed his bronze, "God's Command to Retreat," representing Napoleon on horseback. Two statues of his in stone were unveiled in 1920 in the churchyard of St. Mark's in the Bowery, New York city. He was Y. M. C. A. secretary with the French army in 1918, won the Croix de Guerre, and later was with the A. E. F. in France. He died in 1922.

LEGAL

Notice of Publication—Civil Practice Act

STATE OF ILLINOIS |

The British Parliament

Like the congress of the United States, the British parliament legislates for the whole British nation. But in addition to this, it takes the place of the separate legislative bodies that used to exist in Scotland and Ireland, Wales, Scotland and Northern Ireland, such as in this country can only be made by state legislatures. With regard to the Dominion of Canada, the Australian provinces, and other colonial possessions with legislatures of their own, the powers of parliament are somewhat analogous to those of congress over the states.

Iron More Elastic Than Rubber
Rheologists, those who study the flow and elasticity of matter, say that an iron bar under certain conditions is more elastic than a rubber band.

When Men Disliked Coffee
When coffee and tea first began to come into Ohio, many of the menfolk pushed the beverages aside as "aloops," fit enough only for women.

Gliding 'Possums
Australia's gliding 'possums cannot fly, but they can cover over 100 yards in one of their graceful gliding leaps.

Dean of the Moody Bible Institute
of Chicago
© Western Newspaper Union

Lesson for May 29

MAINTAINING PERSONAL EFFICIENCY

LESSON TEXT—Dan. 1:8-10, 19, 20; 1 Cor. 9:24-27.

GOLDEN TEXT—Every man that striveth for the mastery is temperate in all things. 1 Cor. 9:25.

PRIMARY TOPIC—How Daniel Pleaded God.

JUNIOR TOPIC—Ten Times Strong.

INTERMEDIATE AND SENIOR TOPIC—In Training for the Game of Life.

YOUNG PEOPLE AND ADULT TOPIC—Liquor's Effect Upon Working Efficiency.

Personal efficiency is a subject which is receiving much attention in our day. There has never been so much accurate and usable information as we now have regarding diet, exercise, and medical care. The mind as well as the body has come in for attention and scores of books are available on the development and full use of the powers of personality. Some of these are trash, but others are helpful. Business is co-operating with the school and the home in giving boys and girls the opportunity to grow up to be useful and happy members of society. The church adds its important contribution, although we must confess that it is far from what it might be by the grace and power of God.

I. A Sound Mind in a Sound Body (Dan. 1:8-10, 19, 20).

Daniel and his three Hebrew companions had been brought to Babylon as captives, and were there chosen to enter the royal school for future service at the court. Every provision was made for the students chosen for that school. Their diet, however, included not only meat which was unclean to the Jew but wine, which Daniel knew to be undesirable. It took holy boldness to ask to be excused from that which the king had prescribed, but Daniel was blessed not only with courage, but with tact and courtesy. A ten-day test of a simple diet and water proved so successful that the plan was continued. At the end of the three-year course the Hebrews were not only physically stronger, but mentally and spiritually superior.

The experience of Daniel and his brethren is not just an incident eagerly grasped at by "blue-nosed reformers" to prevent their neighbors from "enjoying" intoxicating liquor. The testimony of science, of business, of experience in all ages, proves that the use of even an amount of alcohol so small that the user does not feel its presence materially "reduces endurance, accuracy, and rapidity of muscular action of all kinds" (Emerson). It so cuts down the ability to think clearly and to react promptly to danger that it is absolutely taboo with such responsible workers as railroad engineers. It is not a stimulant, but a narcotic, which dulls the nerve centers. Dr. Edward Rosenow says, "The use of alcohol as a beverage is never justified. There is no such thing as the right use of beverage alcohol."

Such information as the above is available in publications of temperance organizations, books by various writers, and even in publications by state liquor commissions. It is published in newspapers and magazines and circulated by safety organizations and insurance companies. Yet, unbelievable as it may seem, the use of liquor is on the increase.

II. Success in Life Calls for Self-Control (1 Cor. 9:24-27).

Paul delighted in illustrations taken from the athletic field. He talked of running a race, of fighting a good fight. He knew the athlete's need of keeping his body under.

The one who serves his school or athletic association in physical competition gladly surrenders his personal liberty to the guidance of the coach. He eats carefully, sleeps full nights, exercises consistently, and above all does not use alcohol in any form. Listen to the words of great athletic coaches—Yost: "I would not waste my time trying to train or develop one who uses alcohol." Slagg: "Coaches and trainers are dead against the use of alcoholic liquors, even beer."

Paul rightly points out that all these sacrifices are made by men for what is but a transient earthly crown. How much more should we do for the sake of our souls. Temperance instruction may well stress the physical and mental degradation that follows the use of alcohol, but above all let us teach boys and girls that its use has countless souls to eternal punishment and separation from God. We should be deeply moved by the loss of personal efficiency, but what shall we say about the loss of a soul?

Faculty of Reason

Reason is a faculty of the mind by which it distinguishes truth from falsehood, and good from evil, and which enables the possessor to deduce inferences from facts, or from propositions.—Locke.

Sharing Our Joy

For there is no man that imparteth his joys to his friend; no man that joyeth the more; and no man that imparteth his griefs to his friend; but he grieveth the less.—Bacon.

ISOLATED ISLANDS BECOME IMPORTANT

Used as Steps in Another
Trans-Pacific Airline.

Washington, D. C.—As airlines weave an air web over the Pacific, isolated islands become important land falls. Although the Samoan islands, on the United States-New Zealand route, long have been important among the Pacific possessions of the United States, Kingman reef, like Wake Island on the San Francisco-China island on the San Francisco-China route, was uninhabited and of little use before it was chosen as a stop for the recent test flights of the ill-fated "Samoa Clipper."

"The new route," says the National Geographic society, "brings the Antipodes two weeks closer to the United States. The schedule calls for a three-day jump from Honolulu to Auckland."

"Kingman reef, 1,087 miles southwest of Honolulu, is the first stop on the 4,400 mile outward flight from Hawaii. There, a four-masted schooner, Trade Wind, serves as a floating airport. The vessel is equipped with a radio station, weather bureau, and refueling facilities. Limited land on the tiny reef leads to the possibility of mooring a floating hotel in its coral lagoon. Some high ground, however, promises eventual improvements such as a station and storehouses."

Pause at Pago Pago.

About 1,500 miles south of Kingman reef, propellers will pause at Pago Pago bay, best and safest harbor in the Samoan archipelago. Pago Pago (pronounced Pang-Pango) is on rugged Tutuila, one of six volcanic islands which make up American Samoa, lying east of British Samoa's chain of eight. An immense volcanic crater forms the harbor of Pago Pago. Important chiefly as a naval base, American Samoa is administered by the Navy department; the commandant of Pago Pago's naval station functions as governor. Samoa treaty of 1878 granted to the United States the right to establish at Pago Pago a naval and supply station for her naval and commercial vessels.

"Samoans, purest of Polynesians, prove this remotest station wisely chosen. Gentle-voiced and easy-living, their very characters spell out relaxation. No echo of the high-powered motor's drone is the Polynesian dialect, called the Italian of the Pacific. Since tradition names Savali, British Samoa, as dispersion center of the Polynesian race over the Pacific ocean from Hawaii to New Zealand, it is not surprising to find an excellent type in Pago Pago. Light brown of color, of splendid physique, and of regular features, they maintain mental and social standards that are high among Pacific peoples. They are simple, generous, honorable, hospitable folk, but brave fighters when necessary."

"It is natural in such a climate where wants are few that Samoans do not like to work. Their food is easily produced; breadfruit requires no cultivation; bananas, taro, and yams demand little more than planting. Pigs and chickens are raised, but reserved for banquets and festive occasions."

Fishing Is Not Work.

"Although reluctant to toil in towns and country, Samoans will paddle canoes all day while sea-fishing. The women, too, enjoy collecting clams and catching shellfish. Often the men spend a whole day spearing fish along the reefs. "Equally enthusiastic are both men and women about song and dance. Robert Louis Stevenson described their steps as vulgar and unattractive, but the dancing is never indecent before foreigners."

"With no factories in American Samoa, the chief product and only export, copra, is prepared by the primitive but satisfactory method of spreading the coconut meat on mats in the sun to dry. Women's hands weave these mats with sword-like leaves from the pandanus plant. "From Samoa's solitude to New Zealand's gateway and greatest city is approximately 1,800 miles on the proposed air route. Auckland is the grand entrance to a veritable treasure house of natural phenomena—spouting geysers, smoking mountains, and boiling springs of therapeutic value. Forest-clad hills, rich in timber trees and bush-scenery, fringe the city's boundaries. And Auckland is the natural outlet for one of the most productive countries in the world. On the trade route of the Panama canal, it is a busy seaport with an excellent harbor."

"In 1837 the site of Auckland was but a fern-clad gully. Two years later, Captain Hobson arrived, and in 1840, as governor, raised the British flag over the settlement of Auckland. Here was New Zealand's seat of government until Wellington became capital in 1844. More concerned with commerce than politics, Auckland now engages in numerous industries—shipbuilding, sugar-refining, fruit-canning, timber-converting, and the manufacture of ammunition, sashes, and doors, rape, twine, pottery, brick, tile, varnish and boots."

150-Ton Signpost Erected

London.—More than 150 tons of concrete have been used to make Great Britain's largest signpost—the aerial signpost just completed in the meadows at King's Langley, Herts.

ANTIOCH

and
VicinityMiss Jean Van Patten
Bride of Chicago Man

A simple but pretty wedding ceremony took place at St. Ignatius' Episcopal church Tuesday at 7:30 o'clock, when Jean Van Patten, daughter of Mr. and Mrs. Arthur H. Van Patten, became the bride of Ted Chmielewski of Chicago.

The ceremony was performed in the presence of immediate relatives and friends by Rev. J. E. Charles, with Mrs. Edna Verkest, sister of the bride, as matron of honor and Arthur Riesche of Chicago as best man.

The bride was beautiful in a gown of white lace over floor length satin and a long veil of tulle falling from a wreath of gardenias, and carried a bouquet of white carnations.

The matron of honor wore a gown of peach colored net and carried a bouquet of snapdragons.

A reception was held at the home of the bride's parents, following the ceremony.

Mrs. Chmielewski is a graduate of the Antioch Township high school, and for the past three years has been employed at Elms' Pantry. Mr. and Mrs. Chmielewski will make their home in Chicago.

PUBLIC CARD PARTIES
WELL ATTENDED

The Parent Teachers Association card party held Monday night at the school was attended by sixty persons. Fifteen tables were in play with contract and auction bridge, 500, pinocle. Many very lovely prizes were awarded the winners. Mrs. Herbert Vos was chairman of the committee.

The Royal Neighbor party held Tuesday evening at the Danish hall was well attended. Nine tables of bridge, 500 and pinocle were in play. Prizes were awarded the winners.

LADIES AID HEARS
BOOK REVIEW

Fifty members and friends of the Methodist Ladies Aid Society were entertained at the home of Mrs. H. H. Grimm, Wednesday afternoon. The following program was presented: Miss Esther Fledderjohn reviewed the book "R. F. D."; Betty Lu Williams, Gayle Pierce and Alene Krahn gave a playlet entitled "The Purple Door Knob" and Frank Petty played several numbers on his accordion. Lunch was served. Mrs. Dorella Ferris was chairman of the committee.

SURPRISE SHOWER FOR
MRS. ANDERSON

Mrs. Frank Barber and Miss Thelma Pullen gave Mrs. Bert Anderson a surprise shower at her home Thursday evening. Cards were played during the evening. Prizes were awarded to Mrs. Anna Heath, Mrs. George Kuhaupt and Mrs. Frank Barber. Mrs. Anderson received many lovely gifts.

MISS VAN PATTEN HONORED
GUEST AT SHOWER

Miss Jean Van Patten was honored guest at a miscellaneous shower and party given by Mrs. Fred Rickert at her home at Grayslake, Thursday evening. Miss Van Patten was the recipient of many beautiful and useful gifts from the group.

R. N. A. TO HOLD
KITCHEN SHOWER JUNE 14

At the next regular meeting of the Royal Neighbors of Olsen Camp to be held June 14, the Neighbors will hold a kitchen shower for the benefit of the R. N. A. kitchen. All members invited to attend.

AMERICAN LEGION TO
HOLD MEETING FRIDAY

A regular meeting of the Legion Auxiliary will be held Friday at the home of Mrs. L. Kumpfer, on Route 54 south of Antioch at 8 o'clock. Mrs. William Phillips will assist Mrs. Kumpfer on the committee.

LADIES AID TO MEET
AT KUHaupt HOME

The next meeting of the Methodist Ladies Aid will be held at the home of Mrs. George Kuhaupt, 318 Park avenue, on June 8.

MRS. BROOK HOSTESS
AT LUNCHEON

Mrs. J. Ernest Brook was hostess at a 1 o'clock luncheon and bridge party at her home Monday. Prizes were awarded to Mrs. W. S. Mills, Mrs. B. Fields and Mrs. H. H. Riechers.

ALTAR AND ROSARY TO
HOLD MEETING JUNE 1

The Altar and Rosary Society will hold a meeting Wednesday, June 1, at St. Peter's Hall. Cards will be played following the business session.

Mrs. Gleason of Chicago, occupying the Rasmussen home at Channel Lake, suffered a crushing chest injury, when a car driven by Otto Hanke, Jr., collided with her car on Rt. 173, near the Crandall Ice Company, Monday afternoon. She was taken to the office of Dr. A. P. Bratrude, where she received treatment and afterward was removed to her home. Her condition is reported satisfactory.

Mrs. W. W. Ward and children spent Tuesday in Chicago.

Wednesday Eve'g. Service—8 P. M.
A reading room is maintained at the above address and is open Wednesday from 2 to 4 and 7 to 8 p. m., and on Saturday afternoon from 2 to 4.

CHRISTIAN SCIENCE CHURCHES

"Soul and Body" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 22.

The Golden Text was, "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God" (Psalm 124:1).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "As for me, I will behold thy face in righteousness: I shall be satisfied, when I awake, with thy likeness" (Psalm 17:15).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul and Spirit being one, God and Soul are one, and this one never included in a limited and or a limited body" (p. 325).

We cordially invite you to worship with us.

METHODIST CHURCH NOTES

Warren C. Henslee, Pastor
Church School—9:45 A. M.
Worship Service—11:00 A. M.
Choir rehearsal every Thursday at 7 o'clock p. m.

Official Board Meeting the second Wednesday of every month.
Ladies Aid business meeting first Wednesday of every month at 3 p. m.
Friendship Circle business meeting third Wednesday of every month at 8 p. m.

We are pleased to acknowledge the presence of several visitors from Chicago and elsewhere who are at their summer cottages on the lakes. These and all others are more than welcome. Summer vacation should always include a worship program. Since many of our own people will be away for the summer, the help of our visitors, either as Sunday School teachers, soloists for church, or any other assistance, will be appreciated. Please make yourself known. The pastor's phone is Antioch 61M.

Next Sunday is Memorial Sunday. Appropriate services will be conducted at the morning worship. Together let us pay proper tribute to our sons who made the supreme sacrifice for humanity.

Mrs. Roy Kufalk is the newly elected superintendent of the adult department of our Sunday School, and assistant to Mrs. Childers, our general superintendent. Mrs. Kufalk is accepting the place we have been seeking to fill for several months. An assistant superintendent in the intermediate department and several regular and substitute teachers are still needed. We appreciate volunteers.

New members will be received into the church and the sacrament of baptism will be administered on Children's Day, two weeks from next Sunday. Those interested please communicate with the pastor.

The Antioch Girl Scouts present "College Swing," a musical comedy feature at the Antioch Theatre, Wednesday and Thursday, June 1 and 2. Adults 25c, children 10c.

Little Marguerite Beauty Salon will be closed Monday, May 30th and Tuesday, May 31st. Will be open on Wednesday, June 1.

Mrs. Anna Heath was hostess to the members of her 500 club at her home Wednesday afternoon. Prizes were awarded the winners.

Wear the symbol of your sympathy proudly. Saturday is the day of the Poppy Sale.

Mrs. Andrew Lynch attended the funeral of her cousin, Michael Kinney, of Byron, Wis., last Saturday.

Mrs. Andrew Lynch is remodeling her house, making two apartments of it.

Ed Strang spent last week in Cincinnati.

Personals

Mrs. Ida Osmond, Mrs. William Runyard, Mrs. Ernest Clark, Mrs. H. Radtke and Mrs. John Horan were guests on Friends night at Barrington Rebekeah Lodge, Monday night. Mrs. Osmond and Mrs. Horan filled the offices of Vice Grand and right support to the Vice Grand.

Wear your sympathy proudly. Buy a Poppy Saturday. ALL of your money goes for Child Welfare and Rehabilitation.

Mrs. Edmund Vos, Mrs. Frank Powles and Mrs. George Anzinger, attended breakfast at Stevens Hotel, Chicago, in connection with Woman's Club Conference Saturday.

Mrs. Maude Story of Janesville, Wisconsin was the guest of Mr. and Mrs. Murry Horton, Tuesday.

See "College Swing" at the Antioch Theatre Wednesday and Thursday, June 1 and 2. Sponsored by the Girl Scouts. Adults 25c.

A flower in your buttonhole will mean health and happiness for some child. Buy a Poppy next Saturday.

W. B. Dean, proprietor of the new ice cream stand on the Stanton property, suffered a stroke Monday while at work. Dr. A. P. Bratrude was called and with the assistance of Mr. Verkest, Dean was removed to the home of his daughter, Mrs. Charles H. Tidey on Main street. His condition is reported favorable.

Wear your symbol of sympathy proudly. Saturday is the ONLY day in the year when you can buy a memorial poppy.

The Methodist Sunday School board met at the home of Mrs. Harry Radtke on Victoria street, Tuesday evening.

Mrs. W. E. Dobyns of McHenry was the guest of Mrs. B. R. Burke at her home on Tiffany Road, Thursday.

Harold Nelson spent the week-end in Antioch with his parents, Mr. and Mrs. S. B. Nelson.

Mr. and Mrs. J. W. Bernbaum and Mr. and Mrs. H. Swanson of Chicago and Mr. and Mrs. Harold Johnson and family of Marengo were guests of Mrs. Mollie Somerville, Sunday.

A red poppy, bought for a small amount, means a step forward in Child Welfare and Rehabilitation. Buy yours Saturday.

Mr. and Mrs. Frank Farnum and Mrs. Lillian Rotnour of Elgin were guests of Mr. and Mrs. V. B. Felter at their home on Lake street today (Thursday).

Antioch Girl Scouts
Sponsor Show June 1-2

The Antioch Girl Scout Troop will present the new musical comedy hit, "College Swing," at the Antioch Theatre, next Wednesday and Thursday, June 1 and 2. The proceeds will be used to finance summer camping trips. Scout leader is Miss Lois Halle of the Antioch high school faculty. She is assisted by Miss Betty Lu Williams, member of the 1938 graduating class.

Card of Thanks

We wish to thank members of the Antioch Fire Department and all others who helped to put out the fire at our place Monday afternoon.

Haling's Resort.

HOLD EIGHTH GRADE
COMMENCEMENT AT
HIGH SCHOOL FRIDAYForty-six Grads from Nine
Schools to Receive
Diplomas

Forty-six who have finished eighth grade in Antioch and nearby rural schools tomorrow night will receive diplomas at the graduating exercises to be held at the Antioch Township high school.

County Superintendent W. C. Petty, speaker for the occasion, will award the promotional certificates to the graduates of the rural schools and Principal R. E. Clabaugh will make the awards to local graduates. Otto S. Klass, Americanism officer for the American Legion, will make the Legion awards to Robert Phillips and Marjorie Bright, winners of the coveted honor in the contest held each year by the American Legion post.

Music will be by the grade school band, and there will be a song by the graduates and selection by the Grade School Glee Club directed by Mr. Von Holwede. Rev. Flaherty will give the invocation and pronounce the benediction.

Following are the graduates:

Emmons—Miss Esther Murphy, teacher; Jennie Elizabeth Nevelier. Channel Lake—Lillian Vykuta, teacher; Dudley Metcalfe Ward, Martha Florence Winch, Howard Russell Alwood, Joyce Waters, Jean V. Barth, Beatrice Alvina Willett, Ray Lasco.

West Newport—Irva Dowell, teacher; Margaret DeBates; Elsie De Boer.

Dorothy Peters, Jack White.

Grass Lake—Helen Stratton, teacher; Rosemary Virginia McLearn.

Robert Anthony Cross, James Arthur Roepenack, Catherine Ann McCormick.

Bean Hill—Evelyn Strahan, teacher; Gene Hutchison, Ralph Gussarson, Shirley Wells, Ruth Gussarson.

Hickory—Wanda Lain, teacher; Hope Jean Zink, Dorothy Carney, Albert Smith, Joseph Carney.

Oakland—Marguerite Kufalk, teacher; Edward F. Ruschewski, Arthur Small, George Sterbenz.

Cedar Lake—Ruth Loftus, teacher; Doris O. Craft, Ruth F. Schonscheck.

Antioch Grade School—R. E. Clabaugh, Principal; Junior Andersen, Milburn Crawford, David Dupre, Elmer Hawkins, Robert Horton, Henry Lubkeman, Robert Phillips, Ray Quedenfeld, Charles Zender, Sybil Johnson, Janet Ellis, Lucille Sherman, Gertrude Hoffman, Dortha Drury, Lila Cobb, Marjorie Bright, Dorothy Aronson.

Mothers Fete Graduates

Among the closing events for the graduates this week was the annual dinner and class night exercises sponsored by the mothers of the graduates. This was held last night at the Antioch Hotel, with Robert Phillips acting as toastmaster. Marjorie Bright read the class will, Lucille Sherman, the class history, and David Dupre predicted an assortment of careers for the class of '38 in the prophesy.

Mothers on the committee for the occasion were Mrs. Arthur Hawkins, Mrs. Joseph Horton and Mrs. Harold Ellis.

Jim Makes "Bad
Boy" Be Good Boy

Big Jim McMillen gave "Bad Boy" Brown some of his own particular brand of medicine administered in a Rockford arena last night in what was billed as the windup affair of a mat card.

Brown, Louisiana wildcat, has been the terror of mat rings for months past and he has been extremely unpopular with fans because of his rough tactics and rougher holds. Rockford fans were delighted to see Jim show the "Bad Boy" all of his own tricks and more besides in their 14 minutes and 26 seconds of fast going. McMillen still had a choice assortment of maneuvers up his sleeve but the bout ended before he had a chance to use them.

Chain O' Lakes Club
Announces "Ladies Day"

Monday, June 6, will be "Ladies day" at the Chain O' Lakes Country Club, according to announcement made today by officials of the popular golf course.

Golfing will start at 9 o'clock. There will be luncheon at 1 o'clock and bridge sessions in the afternoon.

Everybody is welcome, and those who expect to attend are requested to call Antioch 202-W for reservations.

T. A. FAWCETT MOVES
TAILOR SHOP TO ZION

T. A. Fawcett and wife have moved to Zion where he will continue his tailoring and cleaning business. Mr. Fawcett was in business here for many years and is recommended by his patrons as a first class workman. Forced recently to vacate his second-floor location in the Pacini building, which the owner wishes to use, Mr. Fawcett was unable to find suitable rooms in Antioch and he decided on Zion as a favorable spot to re-establish himself.

Cemetery Group to Meet
Hickory Union Cemetery Association will hold a meeting Wednesday, June 1, at 8 p. m. Nominations for trustees.

HONOR GIRL ATHLETES
AT G. A. A. BANQUET
FOR MRS. HANCOCKBetty Lu Williams Named as
"All-Around" Girl; 27
Receive Awards

Twenty-seven members of the Girls Athletic association of the Antioch High school were honored at the banquet held last night in the high school cafeteria.

Besides those who received letters and numerals, Betty Lu Williams, a senior, was given the award and named as the association's "all-around" girl.

The speaker was Miss Elizabeth Abbott, professor of physical education at Northwestern University.

Following were the awards given out at the dinner:

Numerals: Elsie Craft, Mildred Van Patten, Carroll Truax, Arlene Krahn, Louise Mueller, Frances Beiner, Irene Pachay, and Florence Petersen.

"A's": Marjorie Doolittle, Zella Ellis, Betty Hanke, Leona Hostetter, Doris Schneider, Bernice Sherman, Eileen Snyder, Lois Wilkinson, Betty Lu Williams, Ruth Turnock, and Lois Banner.

"T's": Virginia Ames, Lois Craft, Phyllis Hughes, Vonnice Jensen, Janice Kappie, and Grace McCormack.

Final: Betty Grimes and Mildred Teckert.

Officers of the Antioch chapter of the G. A. A. are Betty Grimes, president; Betty Lu Williams, secretary-treasurer, and Mildred Horan, vice president.

Born in Antioch; Eastern
Star Chapter Has Charge
of Service

Funeral services for Mrs. Donna Blanche Hancock, who died Sunday following a year of illness, were held at two o'clock this afternoon from the home in North Antioch. The service was in charge of the Antioch Eastern Star lodge of which the deceased was a member, with Rev. W. C. Henslee and Rev. S. E. Pollock officiating. Mrs. Lux sang.

Mrs. Hancock, widow of the late J. W. Hancock, was the daughter of John and Frances Didama and she was born in Antioch in 1878. Many years of her married life were spent away from Antioch, but she and her husband returned here about four years ago to occupy their new home. Her husband died a year ago.

She is survived by a daughter, Mrs. George Nutt, of Clemson College, N. C.; two sons, Ira LeVerne, Oak Park, and John W. of Greeley, Colo.; also two sisters—Mrs. Tracy Davis of Woodstock, and Mrs. Effie Nelson of Antioch; and five grandchildren.

Parents of Son

Mr. and Mrs. Harry Schoemaker are the parents of a 9 pound son born Sunday, May 22, at Victory Memorial hospital, Waukegan. Mrs. Schoemaker is the daughter of Mr. and Mrs. Sol La Plant.

PAGE FIVE

POPPY DAY

It is not in a spirit of charity that we are pledged to meet increasing demands in the rehabilitation of World War veterans. We are obligated. They owe us nothing and all that money can buy is so little with which to pay the debt of blood and devotion that we shall owe them in this life and beyond this life. And not only the veteran in his aging years looks to us on Poppy Day for the wages of his labors past and present, but the families, the wives and children of veterans. They, too, have indirectly given in many instances their hope of happiness in life security. Theirs are broken homes, to them as tragic and irreparable as the darkness of the

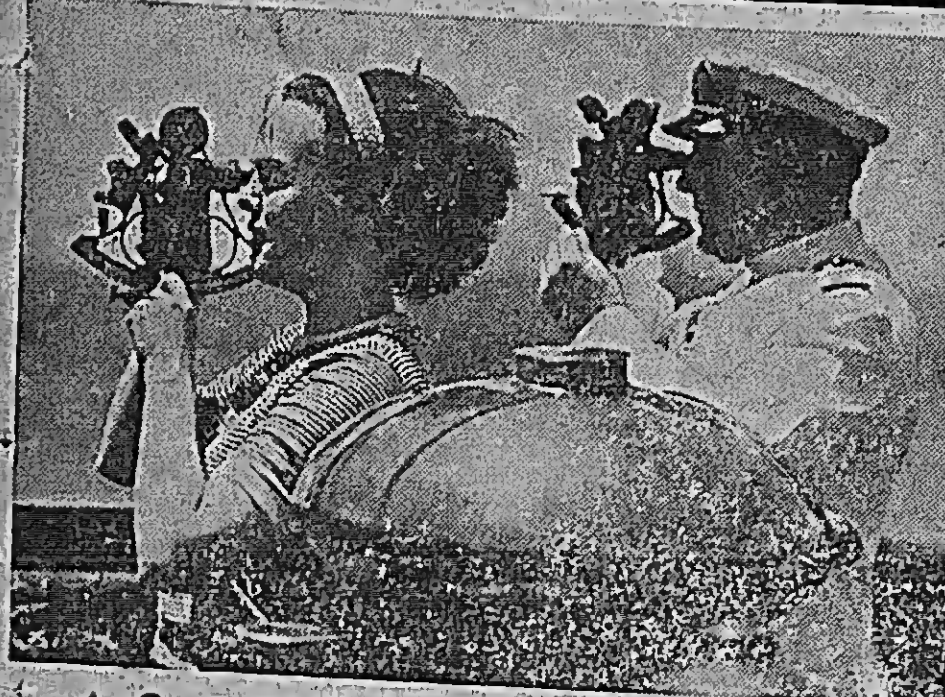

blind and the crutches of the invalid. Since the St. Paul Convention in 1924 the paper poppy has not been made commercially, but as a means of employment for the veterans themselves. It was their choice, not ours. They do not wish even the slightest suggestion that contributions on Poppy Day are unearned and charitable. Proud heroes, they who so eagerly accepted this means of usefulness to the country which took their generous best in time of need. Each poppy is a work of art, each coin dropped in the box well earned by workers whose failing fingers fashioned an emblem of faith and courage and supreme sacrifice.

"Seeing's Believing!"

WORDS & PICTURES

Around the World

By William LaVarre

A Sextant Is Not a Thing-a-Ma-Jig!

THE sextant, Captain F. J. Haasters of the Royal Dutch Mail explained to Mrs. LaVarre, takes the guesswork out of modern navigation. It measures angles. Though it can be held in one hand, it is a complete nautical observatory. Looking through its telescope you can see the horizon and sun at the same time and get an amazingly exact approximation of latitude and longitude. At sea captains use their sextant each day about noon to measure the distance they have traveled the past 24 hours. It seems impossible, but seeing is believing!

© William LaVarre—WNU Service.

RIGHT OUT OF THE AIR

By R. F. SERVICE

Claire Trevor, who plays in "Big Town" opposite Edward G. Robinson, didn't start to take an active interest in dramatics until her collegiate days. Up to then she was a studious little girl from Larshmont, a New York suburb. However, when she did get the drama, she enrolled in New York's American Academy and began cramming on diction, posture, pantomime and the like. As a result, today at 25, she is one of radio's foremost actresses.

With the coming of spring in New York, Gabriel Heatter ignores subways, buses or cabs. Until snow flies, the host of "We, the People" makes his jaunts between his apartment and the broadcasting studios on foot.

Charlie McCarthy, Edgar Bergen's dummy, is very sensitive about his inner-workings. The other Sunday night, an admirer sneaked up behind him, opened up his frock coat and peered curiously inside him. Charlie wheeled on the intruder with Bergen's help, saying in his best sarcasm, "Is nothing sacred?"

John Scott Trotter, bandleader on "The Music Hall," believes that there are three men in the one his conductor's hat.

Rash Hughes, who has traveled on every kind of conveyance, from camel's back to dirigible balloon, favors either an airplane or a bicycle for current trips depending on how much time he has.

Porkyarkus still has the brown suit he wore for his first broadcast in 1923, and often wears it to rehearsals to amuse the Al Johnson cast.

Arthur Godfrey, the monologist, scorns scripts. He finds that if he has to read his material it comes over the air stilted and formal. So, on most occasions, he just writes his story punch lines on paper and makes up his anecdotes about these lines in an ad-lib manner.

Radio orchestra leaders who find one and two programs a week an exacting assignment, should inspect the record of Wilbur Hatch whose music is featured over CBS from Hollywood. Hatch provided the music on more than 500 programs during the last twelve months.

Bess Johnson, appealing star of "Billtop House," heard over CBS, believes that, no matter how tired you are, night time is the best period for study. Bess studies her radio script sitting up in bed late at night, then tries, on waking up, to recite it word for word. Usually, she knows it verbatim, without a slip.

ANTIOCH SEQUOITS BLANK WARREN, 4-0

Superb pitching by Jack Riddell for the Antioch Sequoits enabled the locals to blank the Warren Township high school baseball team at Gurnee Friday afternoon. The local lads had complete control of the ball game in the field, as well as on the mound. Riddell struck out 18 Warren hitters, and Bernard Schneider, on the receiving end of Riddell's slants, did a splendid job of catching. The locals garnered four runs.

Earlier in the season Antioch defeated Warren 5-2.

This Friday the Sequoits will play the Niles Center team on the home lot. Antioch (4)

Antioch Aces Drop Opener to North Chicago Team, 8-5

After getting 4 to 3 lead over the All Nations team from North Chicago the Antioch Aces' defense collapsed in the sixth inning of Sunday's opening game and four unearned runs turned defeat into victory for Dr. King's all-star ball tossers.

Schneider for the locals was the hitting star with home-run, a triple and a single, despite the fact that Cunningham, star flinger for the visitors, had the Aces under control all the way. He struck out 14 batters.

The Aces will play the P. N. A. Eagles at the latter's grounds at North Chicago next Sunday afternoon.

Wilmet High Team Is South Eastern Wis. Conference Champion

By defeating Norris Farms 6-5, and Mukwonago 6-0 last week the Wilmet High school baseball team won the championship of the South Eastern Wisconsin conference for 1938. Tom Duffy, athletic director for the school, is coach of the team.

The team is playing its last game of the season today, with Rochester.

Virginal Played With Keys
A forerunner of the spinet and the harpsichord is the virginal, an instrument played with keys which pluck the strings rather than manipulating hammers that strike upon the strings as in the piano. The music of the virginal is dainty, especially delightful.

Elects President Each Year
In Switzerland each year the national assembly elects a member of the federal council to serve as president. He is ineligible for a consecutive term.

State Had Two Capitals
New Haven and Hartford were joint capitals of Connecticut from 1701 to 1874.

Eskimo Carnivorous
By reason of his diet the Eskimo is more nearly strictly carnivorous than any other people of the world, says Hygela, the Health Magazine.

Largest Statistical Bureau
The largest statistical bureau in the world is the bureau of census at Washington, D. C.

RARE MUSIC FOUND BY PITT PROFESSOR

Manuscripts 200 Years Old Discovered in Church.

Pittsburgh, Pa.—A cache of rare musical manuscripts, hidden for almost two centuries in a church in the village of Litzitz in eastern Pennsylvania's Lancaster county, has been discovered by Theodore M. Finney, lecturer in music at the University of Pittsburgh and director of Pitt's famed student band and the men's glee club.

Mr. Finney made his discovery last summer. He said the music had been written between the Revolutionary war and the War of 1812 by composers who were communists of the Moravian church whose members fled Germany to come to country around Bethlehem—and of course, to be dubbed "Pennsylvania Dutch."

None of the music—save what was written by the Moravian musicians before they migrated to America—has ever been published. It is in the classical tradition of Mozart and Haydn.

Some of the pieces are religious on themes. Others are in symphony and chamber music arrangements. The Pitt teacher explained: "It is unusual—in violation of the tradition of its times—because in the Eighteenth century the churches of New England considered any music, except the singing of psalms, sinful."

"No one in New England would have dared suggesting an orchestra might play in a church. But in the little towns of eastern Pennsylvania it was done every Sunday."

A large percentage of the Moravians must have been skilled musicians, for many of the pieces Mr. Finney found would prove severe tests for the ability of even a professional of today.

Moravians liked music, he said, and indicated in their writings they didn't think much of the New England style of unaccompanied singing of hymns in which every member of the congregation carried what was his own idea of the tune. One Moravian critic referred to the Massachusetts church music as the "woeful shrieking and scuffling of the congregation."

He said the manuscripts will probably be turned over to the Moravian church's seminary at Bethlehem, and kept there.

Artificial Leg 39 Inches

Long Is Without an Equal

New Orleans.—The longest and largest artificial leg known to J. E. Hanger, Inc., artificial limb makers, has been sent to E. C. Bledsoe of Bastrop, La., 7 foot 0 inch giant. The leg is 39½ inches long and weighs 9 pounds 9 ounces. The average artificial leg is 26 inches long.

The shoe, which matches the one worn by Bledsoe, is size 22. The shoe is 15½ inches long, 5¼ inches wide and weighs 2½ pounds.

C. W. Apperson, manager of the firm, said in the 76 years the company had been in existence, records show it had never before been called upon to make such a large leg.

Bledsoe is forty-three years old, a farmer and woodsman. He weighs 267 pounds. He has removed the front seat of his automobile and drives from the rear seat.

A tree fell on him in November, 1936. Blood poisoning set in and the leg was amputated at about the middle of the calf.

The artificial leg, however, straps to his knee and thigh.

CHICK FACTS
Brooder houses don't grow. Chicks do. Many poultrymen try to start too many chicks for the size of their house and consequently lose many chicks at seven or eight weeks due to crowding and smothering. A chick doubles its size in four weeks which means that day-old chicks should have twice as much room as they need in order for them to have normal space as they grow. A ten-by-twelve brooder house will accommodate 250 to 300 day-old chicks.

Chicks at four weeks develop enormous appetites, which is perfectly normal. Good chicks weighing 10 ounces at 4 weeks should weigh 20 ounces at 6 weeks. Where management conditions are of the best, and where chicks have good feed and sufficient room and water, they will double their weight between the fourth and sixth week. Purina Startena, fortified with Puratene, provides chicks with an abundance of Vitamin A to make this jump. Startena is completely balanced and blended so that chicks get every ingredient they need in the exact amount they need to make rapid, healthy growth.

Ignorance as an Excuse
"Ignorance of the law," said H. H. Ho, the sage of Chinatown, "is no excuse. Outside the law, ignorance is made an excuse for almost anything."

Thickness of Whale's Skin
Whale's skin varies in thickness between two inches and two feet.

"Licking Cub Into Shape"
The phrase "licking a young cub into shape," may appear modern, yet a Twelfth century bestiary gives a vivid illustration of the process, for the bears' offspring are said to be born shapeless lumps, and then molded into form by their mother's tongue.

Regarded Disbelievers as Witches
Almost to the Nineteenth century, a part of the Christian world, including many famous persons, still regarded disbelievers in witches as atheists, says Collier's Weekly.

FARM TOPICS

GOOD OUTLOOK FOR THE DAIRY BRANCH

Agricultural Bureau Sees Better Prospects.

Supplied by the United States Department of Agriculture—WNU Service.

Conditions in the dairy industry are likely to average better in the next three or four years than during the last four or five, it was stated by the bureau of agricultural economics in its annual dairy outlook report.

The bureau looks for rising prices of milk cows in 1938 and 1939. It was further stated that "during the next two years, at least, the relation of feed prices and other costs of production to prices of dairy products seems likely to be rather favorable for dairymen."

This winter prices of dairy feeds will be lower and milk production per cow will be higher. Increases in consumption of fluid milk and cream in cities and villages will tend to offset in part the effect of increased production of milk on the production of manufactured dairy products, the bureau said.

Principal increases in commercial dairy production during the next few years are expected in specialized dairy sections and in some of the newer areas where there has been a marked upward trend in production. Increased consumption of fluid milk and cream during the next five years also was forecast.

The long-time upturn in per capita consumption of manufactured dairy products during the last 40 years was attributed mainly to increased consumption of ice cream, concentrated milks and cheese. Since the 1890's there has been no consistent tendency for the per capita consumption of butter to increase or decrease.

Improvements in processing methods and in refrigeration and transportation facilities, together with advertising and educational programs have tended to widen and expand the outlets for dairy products.

Daily Record of Hens

Is Advice of Expert

The poultry flock, like a football team, needs a record of plays made, of the number of first downs or eggs laid, and the number of players taken out of the game or the number of hens removed from the laying house. The man who sells eggs finds it pays to count his chickens both before and after they are hatched, if he wants to know how well his flock is producing, says Prof. L. M. Hurd of the poultry department at Cornell university.

A daily record of eggs laid by pullets and by hens, together with a record of all culling and deaths in the flock helps the poultryman to find the source of his profit or loss. A calendar to jot down this daily information may be fastened to the wall of the egg room.

Keep Layers Confined

Keep the layers in close confinement within the winter laying quarters during the winter months, where they will be induced to a maximum food consumption, where they will be subjected to fewer agencies which might lower health levels, and where their environment may be controlled and held more advantageous and safe. With cod-liver oil in their dry mash exposure of hens to direct sun's rays in winter days is not so essential.

Grit for Birds on Range

It depends entirely upon the type of soil as to whether or not grit should be supplied to birds on the range. If the soil is sandy or gravelly there is no use of supplying it. If it is a heavy type of soil a supply of gravel or commercial poultry grit probably is a good thing. There is some question as to whether or not it is necessary to supply grit to poultry but most of the experiments have indicated some advantage to using it.

Protect the Buzz Saws

Buzz saws, when idle, should be protected from damage, and also prevented from being a source of injury to people or animals. An excellent cover for a buzz saw is a guard made from an old discarded automobile tire. This will not only keep the blade dry and prevent anything from hitting and dulling the points, but it will greatly reduce chance of injury to children. The size of the tire required will depend upon the size of the saw.

Cure for Scaly Legs

To cure scaly legs in hens make a salve of equal parts of lard and powdered sulphur; mix this together until it is in the form of a paste; apply this paste to the scales, rubbing it well in, applying it from the hock right down to the toes. Apply treatment twice weekly until the legs clean up. Do not use kerosene oil on the legs of the birds, as it is too harsh and will cause them to become raw. About five or six treatments should effect a complete cure.

HUDSON NATION-WIDE ECONOMY TEST

Automobile owners making nation-wide self-observed economy test on Hudson 112 cars—Inset shows one type of gas mileage indicator. Another similar device is shown mounted on the car under test.

In an announcement appearing in over 1700 newspapers throughout the United States, the Hudson Motor Car Company is making public a nation-wide economy test for car owners. There will be a contest feature to the economy test, which begins May 22 and runs until June 18 inclusive.

The cars are to be driven over measured routes by private owners who will make their own readings

and observations by means of mileage measuring devices provided by Hudson dealers.

One of the major purposes of the Hudson Motor Car Company in making the test is to get actual mileage readings on the new Hudson 112 in the hands of average owners throughout the country. The Hudson company is enlisting the assistance of newspapers to carry out the plan—this method being selected as the speediest method of reaching the

largest number of average car users.

In connection with the contest, three new Hudson 112's will be presented to the winners each week. The car owner takes his demonstration ride in a 112 model, makes his own observation on gasoline mileage and other features and then writes a 50-word statement.

The combined circulation of the newspapers in which the advertising announcing this contest will appear, totals over 30,000,000 readers.

TREVOR

Charles Curtiss, Kenosha, was a Trevor caller Tuesday evening.

Klaus Mark and son, August Mark, were Salem callers Thursday afternoon.

Mr. and Mrs. M. Johnson were callers Tuesday at the Walter Baethke home in Antioch.

The Trevor school children and their teacher, William Fox, attended field day at the Fox River Park, Wednesday.

Mrs. William Boersma, Mrs. Charles Oetting, Mrs. Jessie Allen, Mrs. Albert Weinholz, Mrs. Elmer Fleming and Mrs. M. Johnson were among those who attended the card party at the Wilmot high school Tuesday evening, sponsored by the Mother's club.

The Willing Workers met at Social Center hall Thursday forenoon, where they enjoyed a pot-luck dinner and three coffee hours. Mrs. James Welsh will entertain the ladies in two weeks.

Mrs. William Evans and Mrs. Earl Elfers were Wilmot callers Saturday afternoon.

Mr. and Mrs. Daniel Longman, Mr. and Mrs. Russell Longman and Mr. and Mrs. Willis Sheen attended funeral services for the former's brother, Foster Longman, at Walworth on Sunday.

Mr. and Mrs. Fred Fowles and sons, River Forest, spent Sunday at the Charles Rungard home.

Mr. Hugh Bauer, Chicago, spent the week-end at his cottage at Shore View.

Mr. and Mrs. Allen Copper and son, Dennis, Miss Pauline Copper and friend, Frank Harris, Chicago, spent Sunday with their mother, Mrs. Mattie Copper, and sister, Gertrude Copper.

Mrs. Jacob Drom, Antioch, called on the Patrick sisters Thursday forenoon. Edna Mack, who is staying at the Oetting home, spent the week-end with her parents in Somers.

Mr. and Mrs. Champ Parham, Deerfield, Ill., were Sunday visitors at Mr. and Mrs. Kermit Schreck's.

Mr. and Mrs. Henry Oetting, who spent the week-end at their cottage at Channel Lake called on his brother, Charles Oetting and family, Saturday evening.

Joe Fernandez spent the week-end with his family.

Mr. and Mrs. Everett Allen and children, Twin Lakes, were Saturday evening callers at the Mrs. Jessie Allen home. Elois and Priscilla Allen returned home with them to spend Sunday.

Mrs. Elmer Fleming and children and Miss Cora Mizzen were Burlington visitors Saturday afternoon.

Mrs. George Brown, Bristol, called on the Patrick sisters Sunday afternoon.

Mrs. William Stenzel and daughter-in-law, Mrs. Elmer Stenzel, Wilmet, called on her sister, Mrs. Mattie Copper, daughter, Gertrude Copper, and Mrs. Joseph Smith, Friday.

Hiram Patrick and daughter, Mrs. William Kruckman, Burlington, called on the Patrick families Sunday afternoon.

Dangers Faced by Archeologists
Very real are the dangers archeologists often must risk. In Egypt they face sudden sandstorms, fierce heat; in Tibet, suspicious, hostile natives; in Central America, disease and deadly snakes; in most places, ordinary thieves, seeking valuable jewels of other civilizations. Yet their diggings have added page after page to ancient history, brought to light many interesting facts. Some of these: There were cities of half a million inhabitants in prehistoric times; Cretans, 4,000 years ago, had bathrooms much like modern ones; Roman boys scrawled along on house-walls 2,000 years ago.

Carrying Power of Sounds

Notes of church bells can be heard clearly at 5,000 feet, and the sharp barking of a dog at 5,000 feet. A rifle shot is audible 6,000 feet, and a locomotive whistle 10,000 feet.

HICKORY

The West Newport School District gave a farewell party for their teacher, Miss Dowell, at the school house Friday evening. They presented her with a Westinghouse electric toaster, as she will be a June bride. Miss Dowell taught there ten years.

Mr. and Mrs. John Strahn of Rosecrans invited Wilson King to go to

Mr. and Mrs. Roy Heydecker of Waukegan visited the John Crawford family Thursday evening.

Mr. and Mrs. Chris Paulsen and daughters visited Mr. and Mrs. Vernon Sorensen and Mrs. A. Pedersen, also Mr. and Mrs. Elmer Bonnette in Waukegan Sunday afternoon.

Mr. and Mrs. R. C. Bishop and Malcolm and Eloise of Kenosha called at E. W. King's Sunday afternoon.

Mr. and Mrs. Al Eberlein of Glencoe visited Mr. and Mrs. Charlie Peters, Friday evening.

Sunday callers at the John Crawford home were Mr. and Mrs. Bert King from Chicago and Mr. and Mrs. Clarence Crawford from Waukegan.

Mr. and Mrs. H. A. Tillotson called at the S. W. Ames home at Gurnee Sunday afternoon.

Spring Brides in Lace, Moire or Satin

By CHERIE NICHOLAS

PERHAPS at no time is the challenge greater to brides-to-be to look their most entrancing than in the joyous, rapturous spring of the year when all nature seems to conspire to stage a most glamorous setting for the wedding scene.

Yes, indeed, the picture must needs be one of super-entrancement and romance that tunes to skies sunny and blue, to birds trilling exultant notes in welcome to spring, to blossoms and verdure bursting into a very ecstasy of color reaching as far as eye can see. When you read the story or glimpse the new fashions as pictured here, you know that all things beautiful have been taken into account in creating wedding array for those who would make their nuptial vows in spring-time, this year of 1938.

Lace ranks high in the list of fashion "firs" for spring brides. In fact many wedding parties will use lace throughout for bride, maid of honor, bridesmaids and little flower girl. One of the allures of lace is that it presents charming color possibilities for the newer laces come in beguiling pastels for the attendant, with silver-threaded lace for the bride or ombroidered lace. If you will, likewise fine Alencons, or Chantilly, priceless rose point or rich Spanish lace.

Can you imagine anything more "darling" than a wedding gown that is fashioned row after row of narrow Vol lace just as you see pictured in the foreground of the illustration herewith? The little puff sleeves and youthful square neckline are outlined with baby ribbon run through a narrow lace beading and even the quaint mitts are of lace.

Speaking of vogue for lace, a most gorgeous Spanish lace headdress and veil are being shown this season for the bride who would dress in period fashion. The picturesque

mantilla of lace is draped to towering height on the head (just as you see in quaint wedding pictures of old Spain) from whence it sweeps out in voluptuous flowing lines in a grandiose train.

Turning from lace to fabric, there's much news to impart. First we would speak of the tendency this spring to use sheers such as mousseline de sole, tulle, marquisettes, doily nets and also shadow-print swiss organdie (inexpensive but lovely) for the bride's gown. Contrasting these diaphanous weaves is a very new silk moire-brocade that bespeaks the stately and elegant. The handsome gown the lady in the center background of the illustration is wearing is a beautiful dress made of this high-style moire. Of course this stately silk must be styled with utmost simplicity the better to emphasize the magnificence of the material. Taffeta silk, white for the bride and colors for the bridesmaids, is also a favorite this spring.

A gown of the patrician moire just described demands that utmost simplicity prevail in way of headdress and veil. Note the monk's cap and veil as worn by the moire-clad bride pictured. It is styled exquisitely but very simply, the close fitting tulle being finely all-over-shirred with yards and yards of the tulle billowing over shoulders and as long as one cares for the veil to be.

As to the ever becoming tiara, you may be wanting to know if it still is in fashion. For answer see the charming bride to the right. The tiara made of lattice-worked satin is modish, as is also the tiara built high with orange blossoms. This bride clings to the wedding tradition of exquisite white satin for the nuptial gown.

© Western Newspaper Union.

Cherry Tip-top Dessert

Here is a dessert that is more than welcome on any table. To prepare the topping, combine 2/3 cup sugar with 2 cups sour pitted cherries. Place in bottom of buttered baking dish and dot with butter. The cake mixture is made as follows: Beat two eggs until creamy. Add 1 cup sugar and continue beating. Sift 1 cup pastry flour, 1/2 teaspoon baking soda, 1 teaspoon cream of tartar and 1/2 teaspoon salt together and add to egg mixture. Mix well and then add 1/2 cup hot milk and 1/2 teaspoon lemon extract. Pour over the cherries in the baking dish and bake until cake is light to the touch and well browned. Bake at 350 degrees. Tip the dessert bottom side up when removing from the baking dish, and serve either hot or cold with whipped cream.

Food Has Greater Appeal When Served in Rings

Things in rings! We do not know why it is, but things that come in rings are much more attractive to the eye and seem ever so much more tasty than the same food prepared in a prosaic loaf or ordinary baking pan.

If you do not see what I mean, then try it the next time you serve a meat loaf, butterscotch buns, a jellied salad or dessert, or an upside down cake. Get a large size mold, or several of them, both large and small, if your budget will allow it.

Pack your favorite meat loaf mixture into a well greased ring mold in which you have arranged short strips of bacon radiating out like the spokes of a wheel. Arrange more bacon strips on top after the pan is filled. Bake in a hot oven for an hour, then turn out and fill the center of the ring with sautéed or creamed mushrooms or a mound of savory Spanish rice.

Here are recipes for some extra nice "rings":

Butterscotch Ring

Ingredients: 1 cake of compressed yeast, 1 1/4 cups warm water or milk, 1/2 cup shortening, 1/2 cup sugar, 2 eggs, 5 1/2 cups flour, 1 1/2 teaspoons salt. Cream the shortening and add the sugar. Add the beaten eggs. Dissolve the yeast cake in lukewarm water or milk and add with the flour and salt to the first mixture. Stir until smooth. Cover, let raise until double in bulk. Divide the dough and roll 1/2 of it into an oblong shape. Spread liberally with softened butter and sprinkle freely with brown sugar, cinnamon, finely chopped citron and seedless raisins. Roll like a jelly roll, and cut in 1 1/2 inch slices. Grease a 9-inch ring mold well, and sprinkle brown sugar and broken nut meats liberally in bottom. Fit the circles of dough, cut side up, close together in the mold. Cover and let stand until double in bulk. Bake in a moderate oven about 30 minutes. Remove from the oven, cool for 5 minutes, then remove carefully from the pan. Spread the top and sides with strained honey to form a glaze. Serve while hot.

Rice Dessert Ring

Ingredients: 2 cups cooked rice, 1/2 teaspoon salt, 2 cups milk, 2 tablespoons butter, 1/3 cup sugar, 2 tablespoons cornstarch, 1/2 cup sugar, 2 tablespoons cornstarch, 1/2 cup cold milk, 3 egg whites, diced fresh or canned fruit or berries. Mix the cornstarch and cold milk. Heat together the rice, 2 cups milk, sugar and salt in a double boiler, add the cornstarch paste and cook, stirring frequently for 15 minutes. Fold in the beaten egg whites and turn into a ring mold. Chill. Unmold onto a large

platter, fill the center of the ring with fruit and garnish with additional fruit. Fresh strawberries, cut into halves and mixed with sliced bananas then sugared slightly is good with the rice ring. Fresh peaches, cut into wedges, mixed with pitted and halved red cherries is also a good combination. With the rice and fruit ring pass cream that has been whipped until slightly fluffy but not too thick.

Chicken Ring Mold

Ingredients: 1 package lemon gelatin, 2 cups warm chicken stock free from fat, 1 cup chicken cut in small pieces, cup celery cut in small pieces, 1/2 cup of celery finely chopped, 1/4 cup green pepper finely chopped, 2 tablespoons pimiento finely chopped, 2 tablespoons vinegar, 1/4 teaspoon salt, 1/4 cup stuffed olives chopped, dash of cayenne, 1 teaspoon scraped onion, dash of Worcestershire sauce. Dissolve gelatin in warm stock. Chill. Combine remaining ingredients. When gelatin is slightly thickened fold in chicken mixture. Mold in ring mold and serve as salad garnished with mayonnaise. Serves 8.

Delicious Noodle Ring

To make noodle ring, cook 6 ounces of noodles in salted water until tender. Drain. Scald 1 1/2 cups milk and pour over 1 cup cracker crumbs in a mixing bowl. Chop fine 1 teaspoon onion, 1 tablespoon green pepper and 1 pimiento and saute in 4 tablespoons butter for 3 minutes. Stir into the milk and cracker mixture. Add 1 cup grated American cheese, 1/4 teaspoon salt, pepper and cayenne to season and 3 well-beaten eggs. Arrange the noodles in a greased ring mold, keeping the strands fairly straight. Pour in the milk and egg mixture, allowing it to mix with the noodles by lifting gently with a fork. Set in a pan of hot water and bake in a moderate oven 50 minutes. Place a

serving plate over the mold and invert to remove the ring. Fill the center with hot buttered peas or with creamed chicken or seafood.

Found Long Lost Orchid

Once one of the rarest orchids in the world, the Cyrtopodium, or Venus' foot—known to gardeners as lady's slipper—dwindled in numbers to such an extent that at one time there was only one specimen known to be in existence in the Western hemisphere. No one knew where the original collector had stumbled across the rarity, and a London firm offered 1,000 pounds for a specimen of the "lost" orchid. After a lapse of years a civil engineer working in Nepal came across the long-sought bloom growing profusely in the tropical jungle. He sent a number of plants to England, where they grew and flourished.

Trees Manufacture Own Food

The food on which a dormant tree feeds and which causes it to grow is manufactured in the summer. The mineral salts from the ground are transformed in the leaves, which become food factories through the action of air and light. Part of this reserve food is stored in stems, limbs, trunk and roots. In the winter this reserve is drawn upon to sustain life in the cells.

Byron Wrote Speedily

Lord Byron, the English poet, was one of those fortunate beings to whom genius came easily, and was therefore little appreciated. He wrote the book, "The Corsair," in 10 days, the "Bride of Abydos" in four days, and another while undressing after balls and masquerades.

Signal Horn From Tusk

An oilman or oilman was the large signal horn of the Middle Ages, made, as its name indicates, from the tusk of an elephant. It was the instrument of knights and men of high degree and its loss in battle was considered as shameful as the loss of sword or banner.

SHORT FUR JACKET

By CHERIE NICHOLAS

Of outstanding importance is the short fur jacket this winter with the emphasis on mink as the favored fur. Seven hundred matched mink skins were required for the gorgeous fur jacket pictured. Gracefully worn by Evelyn Vernon, featured ballroom dancer, it is fastened with two large carved catalin medallions joined by strands of silver chains. The Nile green evening gown topped with this rich jacket has an interesting story of its own to unfold, in that it is trimmed with mink tails in clusters, with a single mink skin used for each shoulder strap.

Plenty of Salt in Texas
Mineralogists say there is enough salt in Texas to give a four-horse wagon load to every man, woman and child in the state and still have plenty left.

Sunspots Recur Each 11 Years
Scientists have figured the sunspot maxima. Spots have recurred about every eleven years since their discovery by Galileo.

"Whistle While You Work!"

Swing TO CAREFREE, YEAR-ROUND
AUTOMATIC GAS WATER HEATING

SPECIAL!
THREE MONTHS' TRIAL OFFER
(Limited time only)
\$1.50 DOWN
Up to 48 months to pay balance on your Gas Service bill.
\$10.00 Allowance for your old furnace, coil, side-arm or coal-pot heater.
\$10.00 Installation Allowance.
Offer applies only to Automatic Gas Water Heaters being a cash price of \$60 or more, (not including installation.)

GET YOUR MONEY'S WORTH— Get an Automatic Gas Water Heater Now! NEW LOW OPERATING COSTS!

● Sing a song of cheer! The new low cost of automatic gas water heating makes it possible to have hot water day and night, winter and summer, in kitchen, bath and laundry—without worry or bother—at an average cost of only two or three pennies a day for each member of the family.

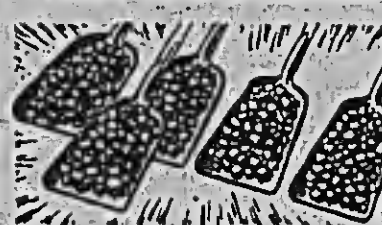

Makes So-Called "Cheap" Methods Expensive

These low operating costs actually make old-fashioned heating methods unnecessarily expensive, considering what you get for your money. And this includes the furnace coil that might seem to cost little but which impairs the efficiency of your heating plant and runs up higher fuel costs. So we say—Get your money's worth—get an Automatic Gas Water Heater NOW!

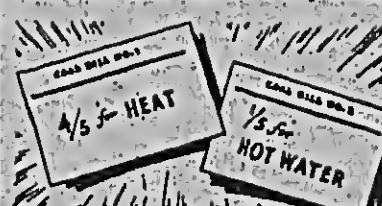

JOIN THE *Swing* TO AUTOMATIC GAS WATER HEATING!

Other dealers are also featuring liberal offers on Automatic Gas Water Heaters.
See them now!

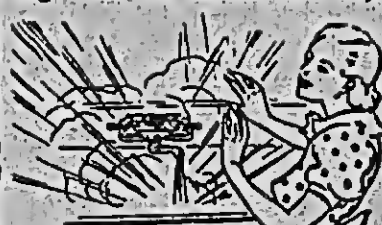

THE HIGH COST OF SO-CALLED "CHEAP" WATER HEATING METHODS

Your furnace coil gobbles up one shovel of coal out of every FIVE.

1/5 of your coal bill goes for heating water the furnace coil way.

Service is poor when water heating is left to chance... water is sometimes dangerously hot—other times nauseatingly lukewarm.

Other methods require attention and work. Why run up and down stairs or wait for water to heat when automatic gas water heating service costs so little?

PUBLIC SERVICE COMPANY
OF NORTHERN ILLINOIS

300 Attend Homecoming at Wadsworth School

Three hundred people attended the first annual homecoming at the Wadsworth School on May 22, 1938. There were five people who took part in a program in 1878 present. The account of this program was read by Mrs. Wm. Fendick from a scrap book owned by Mrs. Matilda Lux Doyle. Besides the enjoyment of meeting old friends, a program consisting of a flag drill by the present school members and singing by the school was given. Piano solos were given by Mrs. Matilda Lux Doyle, 75, Miss Rita Murray, Mrs. Susan Lux Murray and Mrs. Everette Lily. A tap dance and song by Gene Shea of Waukegan was next on the program. He was accompanied by his brother, George. Talks were given by past teachers: Mr. Rogers of Lake Forest, Miss Tess Cunningham of Chicago, Mrs. Lee Riley Lovellette of St. Charles, Mrs. George Cashmore of Wadsworth, and Miss Blanche Eddy of Downers Grove, Illinois. Former superintendent of schools T. A. Simpson spoke a few words of greeting.

The one coming the farthest was Mrs. Lily of Hammond, Indiana. The oldest person in attendance was Mrs. Mary Traynor Haegerty. The youngest person present was the six months old daughter of Echo Jones Basinger of Zion.

We were disappointed in not seeing Mr. J. Perkinson who had taught here fifty-five years ago. Mr. Perkinson had expected to come.

After hearing talks from various of the older members present, community singing led by Miss Norma Effner was enjoyed.

There was an exhibit of the children's work for the past year. One space was given for pictures of school groups the oldest of which went back to the eighties.

Mrs. Himens, the present teacher of the Wadsworth school, is to be commended for her work in arranging the exhibits and planning the homecoming.

Such an enjoyable time was had by all that it was decided to make this an annual event to be held near the last of May.

EMERGENCY CROP AND FEED LOANS ARE NOW AVAILABLE TO FARMERS

Emergency crop and feed loans are available to farmers unable to obtain credit from any other source who are in need of immediate assistance in the financing of their 1938 crop or in the feeding of their livestock.

Acton A. Stetson, local Field Supervisor, states that applications are now being taken at Grayslake, Illinois, by Farm Bureau, which is assisting farmers in the filling out of the applications.

The amount which may be loaned to any one farmer in 1938 may not exceed \$400 and will be limited to the farmer's immediate and actual cash needs.

Farmers who can obtain the funds they need from an individual, bank, Production Credit Association, or other concern are not eligible for crop and feed loans from the Emergency Crop and Feed Loan Section of the Farm Credit Administration. The closing date on these loans will be May 31.

PRIZE FISH--

(continued from page 1)

och band under the direction of Hans Von Holwede, played snappy numbers.

Lions Officiate
Following the opening ceremony at Grass Lake, the fish entourage led by State Conservation Inspectors Jimmy Lynch and Anthony Maggio, Dr. Deering, Ed Vos and Les Crandall, proceeded to Lake Killarney, scene of the now famous Charles Ackerman development, for the second release, and then went on to the other lakes.

At Petite Lake Vos, president of the Lions Club, presided. At Spring Lake Dr. Deering did the honors. And then on to Bluff Lake, off Herman's resort, where Fred Wohlfeil gave the parting salute to the prize winners.

Meanwhile hundreds of automobiles had followed the goings on from lake to lake.

"Where's Oscar?"
At Lake Marie Les Crandall, president of the Channel Lake-Lake Catherine-Lake Marie Association functioned. Mayor George Bartlett of Antioch acted in the official role at Channel Lake, where Karl Rueckert, composer of the now famous song, "Where's Oscar," obliged by singing the same.

The program ended promptly at the noon hour at Lake Catherine as the fishing boomed like it never had before for the early season.

In the release were many northern pike—some worth \$200, others \$100 and none less than \$5. The remainder were composed of blue gills and crappies.

The next release of tagged fish in the local lakes will be on June 19 under the sponsorship of the Chicago Evening American. The famous "Oscar" and "Fannie" also will be released soon and may be found near Antioch. 1938 will be a great year for fishermen.

Local High School Grads May Try for U of I Scholarship

Many of Lake county's high school graduates may be eligible to compete for scholarships offered by the board of trustees of the University of Illinois, according to word received by Farm Adviser H. C. Gilkerson.

Competitive scholarship examinations will be held in the office of W. C. Petty, county superintendent of schools, on the first Saturday in June. The boy or girl making the highest grade will be eligible for a county scholarship for the next four years in any college in the University.

In addition, Farmers' Institute scholarships are available in agriculture and home economics to students applying for them to H. C. Ellison, secretary, Springfield, Illinois. These applicants must also take the competitive examination and pass with an average grade of 70 or better. One of these scholarships in agriculture and one in home economics are available in each of the first ten congressional districts.

Scholarship applications must be filed in complete form in the Farmers' Institute office, Springfield, not later than May 31.

ANTIOCH HIRES TRAFFIC OFFICER

R. H. Childers Employed to Patrol Streets During Summer

For the first time in 10 years Antioch is to have a traffic officer. So decrees the village board members who have employed Reuben H. Childers to patrol Antioch streets during the months of June, July and August.

Childers, athletic director at the local high school, will work only after school hours until the close of school next week, however he will be on duty over the Memorial Day week-end.

"We'll be just as happy if the officer does not make a single arrest during the summer," Mayor Bartlett told the News today. "Mr. Childers will be just as much of an official greeter as a law enforcing officer, but there may be cases where authority may have to be asserted in a more drastic way. Board members believe that Mr. Childers is exceptionally well qualified for this office," the mayor said.

Speaking of qualifications, the board members had in mind the fact that Childers has been connected with the American Red Cross in first aid work and water safety for the past 12 years, and that he has had experience as a traffic policeman.

Childers himself feels that it will be his duty not only to promote safety on Antioch's streets, but also to "sell" the town and the region to the tourist and vacationist.

Signs warning that streets are patrolled will greet the autoist when entering the town and "Thank you, call again" for the departing driver.

STATE BANK OF ANTIOCH TO MAKE TEN PCT. PAYMENT

Payment of a 10 percent dividend on the waived deposits of State Bank of Antioch has been authorized by State Auditor Edward J. Barrett. This payment will be available at the bank on or after June 1, 1938.
